Open Shared Outdoor Recreational Spaces

RAHWAY STRONGER EVERY DAY.

HOW WE SAFELY RETURN TO BUSINESS AND COMMUNITY LIFE.

As of July 13, 2020, the City of Rahway COVID-19 Small Business Recovery Strategy permits Rahway Businesses who are currently closed per Governor Murphy's Executive Order to utilize **Open Shared Outdoor Recreational Spaces** to hold classes. These are outdoor public spaces that are located throughout the City (as shown below) where Rahway Businesses can register to use for holding their paid classes. This expands upon the framework for Health and Wellness businesses to operate further during re-opening until they are allowed back indoors. Businesses will need to pre-register in order to be allowed to use the space.

The City of Rahway continues to proactively maximize outdoor space for businesses and provide safe areas for customers. If you are a business registered with the City of Rahway and are interested in using this space, please email info@rahwayishappening.com for details.
