Joel Schwartz presented to the Board the proposal for the City to rent and the RA+BP to fund the reconfiguration of the parking lots behind Main Street properties from 1409-1453 that are currently owned by Landmark Companies. These new spaces would create a combination of employee parking and municipal parking. The new configuration would also allow for additional street parking on Augusta.

Joel Schwartz presented this partnership to the Board but because of his direct ties to the project, will not be present for any further discussion and will recuse himself from the vote.
